

COMMUNITY DEVELOPMENT

How to Generate and Print a Zoning Report for a Property:

All properties within Deschutes County, including those within the city limits of Bend, have online property records available through the Deschutes County Property Information web service called Dial.

1. Navigate your web browser to <http://dial.deschutes.org>
2. In the search bar, enter the street address for the property (e.g. 710 NW Wall St).
3. This will return the property record for that address. If there is more than one property with that address, a list will be returned; click on the correct address.
4. There is a menu of brown, tan and blue buttons on the left-hand side of the screen. Click on the "Development" tab to return a summary of the property and zoning designation.
5. To print this page, click the "Print Page" button in the upper right hand corner of the screen.
